Id like to touch her skin I want to feel her pain So I touched her legs I touched her legs L I saw her every night And the stars were shining bright Knew I would (?) I want to hurt her now So I touched her legs I touched her legs Т I just had to laugh At you I just had to laugh At you I just had to laugh At you I just had to laugh At you! And now Im left alone I want to touch her bones I want to hurt her now So I touched her legs I touched her legs Т I met her every day And the sun was shining bright I just had to laugh Im playing with your brain So I touched her legs I touched her legs L I just had to laugh At you I just had to laugh At you I just had to laugh At you I just had to laugh At yooooooou! Hey!

So I touched her legs I touched her legs I touched her leeee-eeegs I touched her legs I (Ah) (Ah)
