"Lollipop"

Visit "[Lollipop](#)" on MotoLyrics.com

i think i'd see your fear with joy i want to know if you
would cry i think i'd see your fear with joy
I want to know if I could cry I love you lollipop can't you
see my love for you will never die
It's not like all the girls i once my love for them will
somehow die candy, popcorn, little sweets
chewing die my love for you will never die candy,
popcorn, little sweets chewing
die my love for you will never die I need my candy now
I miss you candyfloss
would you think that i would be so unkind I hate you
little lie would you
think that i would be so unkindcandy, popcorn, little
sweets chewing die
my love for you will never die candy, popcorn, little
sweets chewing die my love
for you will never die I need my candy now I love you
lollipop can't you see my
love for you will never die It's not like all the girls i once
my love for them
will somehow die candy, popcorn, little sweets chewing
die my love for you will
never die candy, popcorn, little sweets chewing die my
love for you will never
die
