Oh, I can keep my distance to you  
But I just want to see you,  
darling  
And I can keep my distance to you  
If you could take a trip to  
America

But I know it's true what you're doing to me  
But please don't I never want  
to see you again  
I wish you could feel my pain

Oh no, oh no, oh no n-n-n-no, I don't want you back for  
more x 2

Oh, I don't need you anymore  
That's why I took a trip down to  
Africa  
But next time I  
wouldn't know where to go

But I know it's true what you're doing to me  
But please don't I never want  
to see you again  
I wish you could feel my pain

Oh no, oh no, oh no n-n-n-no, I don't want you back for  
more x 2

Uhhhhh, I don't want you back for more  
x 2

Oh no, oh no, oh no n-n-n-no, I don't want you back for  
more x many  
times
