I
want to laugh i want to sing make everything come true
but this day will never
be the same I want to know if I could bear to see you
everyday I want to know
you are understanding so know i'll tell you something
about the railroads and we
are running at a station downtown but now i am sad
and i want to cry cause i saw
you yesterday i think i want you everyday so now i am
yours and you are mine and
now I understand why you are blue when i am mad so
know i'll tell you something
about the railroads snd we are running at a station
downtown I want to hate you
all my life cause you are oh so sad I think i would love
you if you died but i
would feel ashamed
