Im looking for my heart deep down in the ocean
Im looking for my heart
Which you broke in two
And it's not supposed to be down there in the first
Place
And even if I found Atlantis it would mean nothing to
me
Cos Im looking for my heart deep down in the ocean
Im looking for my
Heart deep down in the sea
Im looking for my heart deep down in the
Ocean
Cos my feelings they are way beneath the water
Im looking for the happiness that follows the heart
My health and
Happiness don't go hand in hand
And to be frank with you I feel like hell [x2]
Ive been looking all my life
Cos Im looking for my heart deep down in the ocean
Im looking for my
Heart deep down in the sea
Im looking for my heart deep down in the
Water
Cos my feelings they are way beneath the
Sea [x2]
Ocean
