Im a solitary man and that's no fun at all
Im wasting time by
Myself
I can't go out at night so Im trapped in here
Wasting time by
Myself
So Im just wasting time with you and Julia
Just wasting time
With you and Julia
Just wasting time with
In my room I take photographs
Pictures of the walls in the dark
And I
Cant stay in here much longer now
Oh boy, I wish a had something to do
So Im just wasting time with you and Julia
Just wasting time with you and
Julia [x5]
