I came to you
To save your souls
To reveal to you-
Truth of fear and pain
And maybe tonight
Release will come to you

I am the one
Who'll take the load
Away from your bones
And I proclaim now:

[Chorus:]
Never fear your lives again
Cause I always will be
With you - now and eternally
Don't you dare to hesitate -
We'll defy this world!

I am your will
So come with me
And don't waste your passion
Don't waste energy!

What brings you pain
Is unrequited love
(So) focus (your) dreams on me -
Then I will bless you!

[Chorus:]
Never fear your lives again
Cause I always will be
With you now and eternally
Don't you dare to hesitate
We'll defy this world

You won't try to find the answer
When there is no single question left
Never let your soul be wounded
Don't give no mercy to your fear

You don't hate if you don't suffer

You don't cry if you don't love no more
You won't starve 'cause hate's just poisoned love
And this is all my lesson,
My compassion, my word - my doctrine
