There's a cold, cold feelin' 'round my heart
Tries to get colder
And this heavy heart proves that I've been touched by
the blues
Blues, get off my shoulder.
Got my heart not speakin to my head
Even gotten older
And this heavy heart proves that I've been touched by
the blues
Blues, get off my shoulder.
Blues, you hurt me, can't you see
Oh you're so mean to me
I can't help you
Please let me be
Won't you hear my plea
Now this cold, cold feelin', driving me back
I sure do miss the love that I had.
And I hope I love these blues as I get older.
Blues, get off my shoulder.
Now this cold, cold feelin' is drivin' me mad.
I sure do miss the love that I had.
I hope I love these blues as I get a little older
Blues, get off my shoulder.
Blues, you hurt me, can't you see
Oh you're so mean to me
I can't help you
Please let me be
Won't you hear my please..
