BURN FOR YOU(Kuta Rock City)

It's been a while, we sat here with a glass of wine
We don't seem much happier today
It's hard to talk
When to look at you in the eye
Don't you know?

I have so many things I wanna say
I got a story of million years
But in my head it hurts so much couldn't understand
it
Try to change who I am today
Have enough just to hurt you more
Baby all I wanna do, is burn for you

Baby burn, burn, burn for you
No matter when the sun goes down
All the things I need to say, I'll say it when I'm
burning
Burn, burn, burn for your love

It's worth it in the name of God
The strongest words from my own heart
I wonder if it's too late now!

Across the line, between love and hate we thru
Gave so much for me to think about
I found it's hard, to put all my trust in you
Don't you know?

You've hurt me so much I couldn't say
You've blamed me for things I didn't do
Don't even know that I cook you breakfast in the
morning

And when you're drunk baby you don't care
This is a game I don't wanna play
You're breaking my heart into a thousand piece
