Masyarakat nan konsumtif lagu ini untukmu.
Ku berdiri dan melawan paradigma moderat
Dibutakan kemewahan enggan lihat tangis dibawah.
Remaja teracuni hidup didalam kepalsuan dunia.

Ku tak percaya, ingin kurubah, lingkaran bodoh yang
tak pernah mati.
Cepat cepat bergerak teriakkan resisten!
Tangan keras mengempal jutaan jiwa muda berontak

We got the reason why...

World is so unreal, you gotta keep it, you gotta keep it
fake
Down, image overdoze, do you know what...
What creepers are made for?

Bosan ku mendengar agresi ketidakpedulian
Ku kan bangkit melawan sampah sampah metropolitan.
Cepat cepat bergerak, teriakkan resisten!
Privasi hari ini adalah konsumsi

We got the reason why...

World is so unreal, you gotta keep it, you gotta keep it
fake
Down, image overdoze, do you know what...
What creepers are made for?

Turn the TV on see the Paris Hilton smile
In the magazine how the youth has been so blind
If you got the look you will be alright
But boy if you don't tell your mama say goodbye
Psycho industry manufactured to the bones
Rockstar-wannabe plastic anorexic look
When will you learn, will you understand
Nothing in life is bigger than a giving heart...

Ku melawan! Resistensi! Lahir bukan untuk dibodohi!
