I know you, I know your kind
I know how to act to catch your eyes
And I can see there's a place for me
In your life, baby
A place for me inside your heart
This time I know
I'll go all the way
I'm here to stay
CHORUS
I'm gonna love you just the way you want me to
I wanna cherish every day and night with you
I'm gonna love you just the way you want me to
I wanna cherish every day and night with you
You will have all the love you need
Cause nothing can change the way I feel
And I know it's gonna stay the same forever, baby
I'll bring true love into your life
This time I know
I'll go all the way
CHORUS
Boy, I wanna hold you
So close to me
Don't hold back your feelings
Baby, don't be afraid, don't hold back your feelings
now
We will make this work somehow
CHORUS to end
