Your not a victim of the world inside (yeah yeah yeah)
There's such a better way to live your life (yeah yeah
yeah)

You know I'm never gonna waste your time (yeah yeah
yeah)

I know you're thinking that I'm not quite right
But I'm so happy when I close my eyes

There's a rainbow in the sky

And it's there for you and I

Where we can be together

CHORUS

Come on and show me what you got is all right

We're keeping the groove and we're dancing all night

You know we're gonna be calling you

You can do what you want to do

And you can be dancing in the feeling all night

You'll think it's a dream but the feel is allright

Just give in and be on your way

You can be what you want to be

They got you thinking that the sun won't shine (yeah
yeah yeah)

We'll follow me and we can take that ride (yeah yeah
yeah)

I've got a message for the world, if you don't mind
(yeah yeah yeah)

I know you're thinking that I'm not quite right

But I'm so happy when I close my eyes

There's a rainbow in the sky

And it's there for you and I

Where we can be together

CHORUS, repeat

Why won't you wanna make a dream come true

Don't ever listen to the things they're telling you

You've got the generation in your hand

Don't live in silence of the other man

CHORUS, repeat
