They never know
How much I like the colour black
They never know
How much I spent for the cocaine
But now I'm sure they sell the pain
Just for the game
Unless you fool me in the way
Of this goddamn world!
I will walk again,
I will speak in vain
When there's nothing stand
Against my revenge
Good enough to blame,
When everyone's insane
So I can sneak
In the back of your mind

Constitution fall
I reach up the sky,
I follow the lust,
End up like a winner
Television brain inside

Go away...
The television brain
I'll walk away...
Just one step closer to the
Castaway...
I've watched the TV show
Now I feel blind...
The news is on I just

I fell numb inside me,
I feel hate just surround me
God I do not want this thing
I could never change!

They never know
How much I like
My favorite bands
But magazine they just turns
Everything so bad

It's time for me to watch
You guys get fucking burn
We're gonna blow your mind
Just like the atom bomb!

I'll get up again,
I will kick and shout
And there's nothing stand
Against my revenge
It's so easy to blame,
When everyone's insane
I sneak in to the back
Of your mind
