You ask a question, "Can I come in for coffee?"
I thought this could never be.
I thought for a minute, then smiled for a second,
Coz you're just my cup of tea.

The coffee was steamin', and I, I was dreamin'
You'd take me to boiling point.
Your lips started kissin', my heart started missin'
We damn nearly wrecked the joint.

Like a dream you held my body tight. (you held my
body tight)
Like caffeine you kept me up all night.

I like my men like I like my coffee,
Hot, strong and sweet like toffee.
Oh, so you know that I can't let you go.

I like my men like I like my coffee,
Hot, strong and sweet like toffee.
Oh, and I know that I can't let you go.

I thought that maybe I'd slept like a baby,
Alas it was just a dream.
Then in popped my lover, pulled back the covers
Coz I like my coffee with cream.

Then I felt a stirring deep inside. (you stir me up inside)
Fill my cup (fill my cup) till it's flowing down the side.

I like my men like I like my coffee,
Hot, strong and sweet like toffee.
Oh, so you know that I can't let you go.

I like my men like I like my coffee,
Hot, strong and sweet like toffee.
Oh, and I know that I can't let you go.

Men like my coffee, really turn me on.
Sometimes espresso, sometimes he's too strong.
Then there's Costa Rican, mellow but he's rich.

But never give me instant, coz baby, he's too quick.

Like a dream you held my body tight. (you held my
body tight)

Like a fiend you kept me up all night.

I like my men like I like my coffee,
Hot, strong and sweet like toffee.
Oh, so you know that I can't let you go.

I like my men like I like my coffee,
Hot, strong and sweet like toffee.
Oh, and I know that I can't let you go.
