Today I looked into your eyes for the first time
It took my breath away when I saw you smile
And I cant wait to walk with you through this world
Lift you up so you can see life through my soul

I'm lost inside your eyes
Please set me free this time
And Im feeling so high
And Im trying to look deep inside
To see myself in you
To cherish this time

Welcome to my life
I've been waiting such a long time
Welcome to my world
All I see
Is you in my eyes

I keep a picture of your face in my mind
And all the little things you do that make me smile
You hold my heart in the palm of your hand
And I will be there for you until the very end

All my life Ive been waiting
For this dream to come true
You helped me find my way
My heart will always be with you

Welcome to my life
I've been waiting such a long time
Welcome to my world
All I see
Is you in my eyes
