Don't let it
Teardrops bother you
Don't let it
Teardrops bother you

If I should she'd a tear,
It's just the love I'm showing 'cause you're leaving here
If I should she'd my pride,
It's just to show how much I love you so

And where you go, my love will be there with you
No matter where you are or if you find someone new
Long ago, I reeled my life to you
And I can change my heart
Even though we'll be apart

Don't let my teardrops bother you
The reason I'm crying is I can't believe we're through
Oh, don't let my teardrops bother you
If you must leave me, do what you gotta do

[Interlude]

Don't let it
No, no, no, no
Don't let it

If I should beg and plead, ooh
It's just because of the love and the need I have for you
If I should stall for time,
It's just because I prayed that you changed your mind

And maybe find there's something you're leaving
behind
And maybe then you'll see where you've been blind
But if someone has managed to erase me
And if she's what you want (If she's what you want)
If she's what you want to replace me

Don't let my teardrops bother you
The reason I'm crying is I can't believe we're through
Don't let it

Don't let my teardrops bother you
If you must leave me, do what you gotta do
(Repeat til fade)
