[Spoken intro:]

I don't wanna lose you
Please, don't let me lose you
You mean so much to me

Who do you think you are
and who do you gonna be?
You're the only one that really knows
Maybe you'll be surprised
After your search is through
When you'll find you've just been chasing you

Believe me, I understand (I understand)
The visions of your mind (visions of your mind)
But I'm so afraid (yeah)
That the man you'll find (yeah)
May not need a girl like me

I don't wanna lose you
I love you as you are
I don't wanna lose you
I couldn't love you more
Tell me love will remain
Though we may change

I really think that you have a little faith in me
You're the only one I'll ever need
If you really understand
How much you mean to me
All your doubts would fade and disappear

Maybe you'll never find (you'll never find)
The secrets of your mind (secrets of your mind)
But you gotta try (yeah)
that I realize (yeah)
And I'll help you all I can

I don't wanna lose you
I love you as you are

I don't wanna lose you
I couldn't love you more and more
Tell me, ooh, love will remain
Though we may change

I don't wanna lose you
I love you as you are
I don't wanna lose you
I love you as you are [I don't wanna lose you]
I don't wanna lose you [I need your strength]
I couldn't love you more [I need to be strong]
I don't wanna lose you [Please stay]
I love you as you are [Believe in me]
I don't wanna lose you [Sometimes when I think of you]
I love you as you are [Be without you]
[I don't know what I'm gonna do]
I don't wanna lose you [We got to stay together]
I love you as you are [Together... I need your strength]
I don't wanna lose you [I need your love]
I love you as you are [Please try]
I don't wanna lose you... [Believe in me]
