I got hurt trying to be the only girl in your life  
(2x)

Mama told me, "Don't try"  
When I said I was gonna be  
The girl who make you realize  
One love is all you need  
Looked like I was getting over  
When my hopes went tumbling over  
From a telephone conversation  
That hurt as I heard you say  
You keep telling her that I was just your friend  
As you whispered words of tenderness  
And said you'd call again

I got hurt trying to be the only girl in your life  
(2x)

I kept a secret from you  
Thinking maybe things might change  
So I tried just a little bit harder  
But the end of love still came  
Now your mind is set on leaving  
But I find it hard believing  
My dreams won't come true  
When they build with so much love for you  
And everything I did, I did to bring you joy  
And if I die today on my grave that say:  
"That girl sure love that boy"

I got hurt trying to be the only girl in your life  
(2x)

(Yeah, yeah, yeah, yeah)  
So I dried my eyes  
And I walked away alone  
And get ready for the emptiness  
I feel when love is gone

I got hurt trying to be the only girl in your life  
(2x)

Mama said I've been hurt

I got hurt trying to be the only girl in your life  
(Repeat til fade)
