(David Gates)

If a picture paints a thousand words,
Then why can't I paint you?
The words will never show
The you I've grown to know

If a face could launch a thousand ships,
Then where am I to go?
There's no one home but you
You're all that's left me to

And when the love for life is running dry
You come and pour yourself on me

If a man could go two places at one time,
I'll be with you
Tomorrow and today (tomorrow and today)
Beside you all the way

If the world should stop revolving
Spinning slowly, slowly to die
I'll spin the end with you
And if the world was through

Then one by one
The stars will all go by
Then you and I, we must simply fly away
Yeah

We're gonna fly, fly away
We're gonna fly, fly away
We're gonna fly, fly away
We're gonna fly, fly away
