(B. Potter/D. Lambert)

In your arms safe and warm
Never conceal the right from the wrong
Prisoner of love and I'm caught in the web of
tenderness
Tempting me
Doing the things you say willingly
Even your pain not bear for a sign you care
But it's never there

[Chorus:]

I'm a fool (I'm a fool), say no more (say no more)
'Cause it's all been said before
In the mirror of my mind, your reflection's all I find
I'm a slave (I'm a slave) at your door (at your door)
But with all been said before
And the saddest thing I do
I'm just keep on loving you

Candlelight, glass of wine
Feeling your beating heart close to mine
Hold back the hands of time
Don't land tomorrow at my feet haunting me
Only the strong survive easily
I never seen the lies hiding in your eyes
And it's no surprise

[Repeat Chorus twice]
