(Vernon Bullock/Sylvia Moy/Mickey Stevenson)

All it takes is 2 hearts that care  
Sprinkle just a little tenderness there  
& like the tiny grains of sand that build a mountain so  
high  
Each tender moment builds love between a girl & a guy

It's got to be a miracle, this thing called love  
Never, never, never let go, this thing called love  
Take a boy like you & a girl like me  
2 lonely people we used to be  
We shared a little time, tears & laughter  
It seems that we will be happy ever after

All it takes is 2 arms that know  
They gotta hold you, baby, & never let go  
Throw in a lover's quarrel & it's sealed with a kiss  
We know that heaven must be like this

It's got to be a miracle, this thing called love  
Never, never, never let go, this thing called love  
I used to wander, I used to roam  
Like a ship in a stormin' sea, tryin' to get home  
When we found each other, heaven found a way  
'Cause you were the dawn of a bright sunny day

[Instrumental]

All it takes is just a little time  
3 little words, baby, that mean "Will you be mine?"  
Add a few tears 2 lovers will shed  
& every sweet word that's ever been said

It's got to be a miracle, this thing called love  
Never, never, never let go, this thing called love  
Take a girl like me & a boy like you  
Long loenly hours we once knew  
We have each other & live what life's worth  
All love is strong enough to move heaven & earth

(Repeat & fade:)

It's got to be a miracle, this thing called love

Never, never, never let go, this thing called love
