(Stephen Stills)

tell me how can you get through
when you can't remember who you talking to
concentration just slips away
'cause your baby is so far away

well, there's a rose in a fisted glove
and the eagle flies with the dove
and if you can't be with the one you love
love the one you're with
love the one you're with

baby, don't be angry (don't be)
baby, don't be sad (don't be)
don't sit back talking
about some good times you had
'coz there's a guy sittin' right next to you
why don't you check him out
and see what he wants to get into

[chorus]

ya da da da da da da da (do do)
da da da da da da da da (do do)
da da da da da da da da (do do)
da da da, da da da

love the one you're with
love the one you're with

don't be angry (don't be)
baby, don't be sad (don't be)
don't you sit back talking
about the good times you had
'coz there's a guy sittin' right next to you
why don't you check him out
and see what he wants to get into

[chorus]

you are love the one that you're with
you are love the one that you're with
you are love the one that you're with
you are love the one that you're with
say it again, say it again, yeah

ya da da da da da da da (do do)
da da da da da da da da (do do)
da da da da da da da da (do do)
da da da
da da da

why don't you love the one that you're with
why don't you love the one that you're with
oh, why don't you love the one that you're with
hey hey, why don't you love the one that you're with

ya da da da da da da da (do do)
da da da da da da da da (do do)
da da da da da da da da (do do)
da da da
da da da
