here we walk together  
we will dream of a love arrive  
everyday he makes my world go round, ooh yeah  
just us watching the sun  
running high behind the clouds  
dreaming of a mystical land  
just me and my man

[CHORUS:]  
my baby loves soft days  
I know what he likes  
and he likes what he loves  
soft days, I know what he likes  
and I like what he loves

running free and easy  
in a search to find the sun  
here we go holding on to the moon singing  
good thing that love could be  
such a joy and a lot of fun  
sharing all the love with him  
but you give just what you get

[chorus]

even when the clouds, they come out  
and rain falls in our lives  
it's as much love as they are raindrops

forever we're together  
we'll dream of a love in our eyes  
everyday we love each other so more  
ooh, baby  
just us, we are one  
who making our life a paradise  
dreaming, loving and living are we  
it's beautiful, can't you see?

[repeat chorus over & over again]

[guitar solo]

I'm longing for soft days  
I know what I need  
what I want, what I need  
soft days, I know what I need  
what I want, what I need
