You're into me
Oo-oooh, I'm into you
The whole day long
The whole night through

Ooh, sweet dream machine
So soft and warm is your touch
(Sweet dream machine, sweet dream machine)
Oh, sweet dream machine
A part of me so much
(Sweet dream machine, sweet dream machine, whoo!)

Ooh, so much power (I can't deny it)
Ooh baby, so much emotion (I couldn't live without it)
You're always there, baby
When I get the notion

Mmm, sweet dream machine
You comfort me so nice
(Sweet dream machine, sweet dream machine)
Oh-oh, sweet dream machine
A part of me in my life (Sweet dream machine)
Yeah-eah! (Sweet dream machine)

[Interlude]

Ohhhhhhhhhhhhh, oh-oh-oh-oh!
Here I go (Here I go)
Closing my eyes (Closing my eyes)
Calling on you, and needing you, too
And there you are (There you are)
Oh, right in front of me (In front of me)
Oh-ohhh, there you are (There you are)
More than a memory
A precious part of me-----
Ooh!

Take me, take me, take me!

You take me high (You take me high)
Yeah baby, you take me low (Take me low, baby)
But you're always take me

Yeah, where I wanna go
(Where I wanna go, where I wanna go)

Ooh, sweet dream machine
So soft and warm is your touch
(Sweet dream machine, sweet dream machine)
Hey, sweet dream machine
A part of me so much (Sweet dream machine)
Yeah-eah! (Sweet dream machine)
Whoo! -----

You're into me, I'm into you (What you say?)
Whoo! Sweet dream machine
You're into me, I'm into you (Say what?)
Whoo! Yow! Sweet dream machine (Yeah, baby)
You're into me, I'm into you
Whoo! Ahh! Sweet dream machine
You're into me, I'm into you
Whoo! Unh! Sweet dream machine (I like it)
You're into me (Yeah),
I'm into you (I like it)
Whoo! Ah-hahhh-ah! Sweet dream machine
(I like it)
You're into me (Mm-hmm)
I'm into you (Well, well, well)
Whoo! Ahh-ahhh, yeah! Sweet dream machine (I like it)
You're into me (I like it),
I'm into you (I like it)
Whoo! Ahhhhhhhh-hahhh! Sweet dream machine
(Oh yeah baby, do it)
You're into me (One more),
I'm into you (One more)
Whoo! Oo-ooh! Sweet dream machine (Turning me
around)
(Yeah, come on, alright!)
