### "The Loving Country"

Visit "[The Loving Country](#)" on [MotoLyrics.com](http://MotoLyrics.com)

(William "Smokey" Robinson, Ivy Jo Hunter)

Come go with me---

Come go with me---

Come and go with me

Take my hand to the land called the loving country

Lve will show the way

Through our hearts, we can start to the loving country

It's located I'm told

Where the mind meets the heart and the soul

A place of love and trust

And I know there's a place for us

So, come and go with me

Let your heart and your soul and your mind be free

Come follow your dreams

Running blind through your mind to the loving country

Somehow it seems (Somehow it seems)

You and me, we should be in the loving country

No places to far

Just a kiss from wherever we are

Close your eyes and open your heart

We'll be there just as soon as we start

So, come and go with me

Let your heart and your soul and your mind be free

(Come and go with me)

Come on, go with me

Running blind through your mind to the loving country

Come on and go with me

You and me, we should be in the loving country

Just turn every star

No bare of shore we can discover

Open up our home

Let's go there where we can be lovers

(Come and go with me)

Come on, baby  
(This where we should be)  
Ooh, ooh, ooh

Come go with me---  
To the warm summertime to the loving country  
Come go with me---  
I'll be yours, you'll be mine in the loving country

Everybody (Come and go with me)  
Mm-hmm, mmm  
There's a place for us called the loving country (Ooh)  
A place in the sun for everyone called the loving  
country  
(Come and go with me)  
All you have to do is find true love, and you find the  
loving country  
(Ooh) Wherever it is, it's hers and it's his, it's the  
loving country  
(Come and go with me)  
Come on and go with me (Come and go with me)  
Mm-hmm, come on and go with me

(Come go with me)  
Come follow your dreams  
Running blind through your mind to the loving country  
(Come and go with me) Oh baby!  
(Come go with me) Come on and go with me  
Ohhhhhh, yeah (Come and go with me)  
(Come go with me) Come on and go with me  
To the loving country
