(Brian Holland/Eddie Holland)

You've been the road
That I've traveled on
You've been the light
That shines in the night
You showed me love
Taught me life (you taught me life)
Ooh, you taught me everything (all about love, baby)
Everything I know
But I never learned
Which way to turn
After you've gone
After you've gone, baby

Tell me where, where do I go from here (tell me)
Without you in my life in my nights (tell me, baby)
Tell me where, where do I go from here (tell me)
After you sheltered me for so long, baby (baby)

You've been the bridge
That took, took me across
Showed me the way (you showed me the way)
When I was lost
You took the time (you took the time)
You touched my mind (you touched my mind)

Ooh, come, sit down (whisper in my ear, baby)
Just once more
Talk to me
Ease my mind
Before you walk (baby, don't go)
Walk out the door (baby, don't go)
Baby, where, where do I go from here (tell me)
After loving you for so long, darling
Tell me where

Oh-oh-oh-oh, baby
Oh-oh-oh-oh, baby
(Tell me. Where? Tell me.)

Now tell me, before you leave (wait a minute, baby)
Leave this heart of mine
Please take the time to let me know (please take the
time)
How do you teach me to let you go (baby, don't go)

Well, where, where do I go from here (tell me)
After you sheltered me for so long, baby
Tell me where, where do I go from here (tell me)
When you're all that I need, all I want (tell me, baby)
Where, where do I go from here
Without you in my life in my nights (tell me)
Tell me where, where do I go from here
After loving you for so long
