Now that surfing's caught on  
There's less waves to go around  
I'm a fool to stay in town  
A fool to stay in town

Now it's the goons in the water  
That are bringing on a slaughter  
Gonna be a punch out at malibu  
A punch out at malibu

Guys coming down on me  
Left and right  
I need more room  
Gonna be a fight  
I am the cancer  
I am the cancer  
Hey buzz off

I don't care  
The more guys the better  
Cause I'm into bustin heads now  
I'll see you sooner or later  
Sooner or later

Punch out at malibu

There's gonna be a punch out at malibu  
This place gets too crowded  
Hey you over there  
I haven't seen you before  
What's it to you  
Man you look like you're from Tarzana or someplace  
Beat it  
Get out of here
