Still here waiting
Stop making a fuss about it
'cause you don't see through
Keep taking it out on the next one

While life is changing
Still moving along on the wrong terms
Forsaken laughter
Start coming around while you still can

The mindslave, the heartache
The love you won't receive
The streetlights the starshine
The light you fail to see

Keeping me down, faking your way
What you've become I hate
Keeping me down, faking your way
You're just another mindslave

Let it go now
Come move a little bit closer
Try on harder
Go set it straight in a heartbeat

And does it matter
Did you lose your sense of direction
Read the message
Start coming around while you still can

The mindslave, the heartache
The love you won't receive
The streetlights the starshine
The light you fail to see

The mindslave, the heartache
The love you won't receive
The streetlights the starshine
The light you fail to see

Keeping me down, faking your way
What you've become I hate

Keeping me down, faking your way
You're just another mindslave
