"Monkey On Your Back"

Mind set and my back straight for all time
Across the night now where the stars are out
everywhere

If you can't make this moment last
Remove the monkey on your back
If you can't make this moment last,
The monkey on your back

Long gone as I move along I don't care
I leave no trail behind I ignore the sound of her calls

If you can't make this moment last
Remove the monkey on your back
If you can't make this moment last,
The monkey on your back
