"Step Into The Light"

Visit "[Step Into The Light](#)" on MotoLyrics.com

I know you wanna see me
Thinking I'll be kind
You wonder when you'll meet me
And you'll change your mind

The times are always changing
Now you've been gone for a while
'Cause we were never meant to
Step into the light

You'll never find me
You'll never need me so
Just go on without me
There are things you don't wanna know
Just go on without me

I know you keep on searching
For good times left behind
You break yourself wide open
Or fade away in time

You'll never find me
You'll never need me so
Just go on without me
There are things you don't wanna know
Just go on without me
