Sugarcane I long to walk beside you
To have you here tonight
you know I want to
Sugarcane I found it hard to leave you
but we both know
we'll find our way in time

I couldn't stand the pain
I caused inside you
The darkest sides in me
was all that shined through
I can't believe the words
that slipped right through me
But downsides
I know I'll pay the price

Don't search your soul
just let me go
'cause nothing feels the same
Still worth a while
a thousand miles
we walked to start again
