Drift away in open space
Watching all the colors fade to grey
Going where I lost my way tonight I'll try

Disillusioned broken home
Holding back but moving on alone
Passing down deserted streets below

I don't feel I know myself again
Living out my deepest fears within
Heading for a future filled with pain

Halfway through but miles apart
To get it right I try so hard
Shattered dreams and torn up scars tonight

I don't feel I know myself again
Living out my deepest fears within
Heading for a future filled with pain
