I want to go where the girls are laughing  
I need the sun and your tarnished skin  
I want to break all your stupid rules  
'Cause I am young and I am selfish

There is a place where my friends all go  
And I will take you there tomorrow  
If you would just spend the night tonight  
'Cause I am weak and I am foolish  
I am weak and I am foolish

Up all night  
I'm singing to an open light  
And that I can say is  
We were almost meant to be

I'm hoping you were up all night  
Praying to an empty light  
'Cause, baby, I can promise you  
We're recent history

I need a drink and a recess filter  
I want a reason not to feel  
How long's it been since you kissed a stranger  
On the beach, yeah, on the beach

She sat up all night  
I'm singing to an open light  
And that I can say is  
We were almost meant to be

I'm hoping you were up all night  
Praying to an empty light  
'Cause, baby, I can promise you  
We're recent history

Whatever happened to the mistress and her heart?  
Well, I've been told she left it on the way out

She sat up all night  
I'm singing to an open light  
And that I can say is

We were almost meant to be

I'm hoping you were up all night  
Praying to an empty light  
'Cause, baby, I can promise you  
We're recent history

She sat up all night  
I'm singing to an open light  
And that I can say is  
We were almost meant to be

I'm hoping you were up all night  
Praying to an empty light  
'Cause, baby, I can promise you  
We're recent history

I want to go where the girls are laughing
