You found out and now you're leaving,
Without giving me a second try,
Well I guess that it's deserving,
But it's nice to say goodbye.

I know I lied,
But now it's me who should be leaving,
Coz I saw you with him early this evening.

Your ex boyfriend by the street lamp,
Holding hands,
Making out,
Getting laid,
And I know that's it's not cool to say I'm jealous,
Of your ex boyfriend.

He was always that much taller,
And now I find out that's your type,
Even though I was smaller,
You said that is what you liked.

You know you lied,
And when you said you were in love,
Your thoughts,
Your dreams,
Your hopes were with that guy above.

Your ex boyfriend by the street lamp,
Holding hands,
Making out,
Getting laid,
And I know that's it's not cool to say I'm jealous,
Of your ex boyfriend.

Let's not forget that I also done the dirty,
I wonder if you can guess with whom it might be.

My ex girlfriend by the street lamp,
Holding hands,
Making out,
Getting laid,

And you know that's it's not cool but you are jealous,
Of my ex girlfriend by the street lamp,
Holding hands,
Making out,
Getting laid.
And I know that it's not cool to say I love her,
But she's better than you,
She's better than you,
She's better than you,
She's better than you,
She's better than you.
