cant thro my position, i flo' wit persitions,
its a must keep it on the low in addition,
to all my weapons and no ammunion,

[8ball]

i come through like a mack, truck rumbling streets,
Big boy hit tracks strait pummelin' beats,
rock hard like coke in a ? ? ?
pay top dolla for the top product in deed, yeah,

turn it up and get addicted to it,
have raw music soon as you listen to it,
jump up like a ol' fat lady at church,
jump back like a uncut thang at work,
mang, hop in and take a ride wit a pimp nigga,
fire tha green up and let me shoot tha shit witcha,
talk slick, til i make a chick get the picture,
just a page outta fatboy ghetto adventure,
listen, ima titan on the mic, original them weak niggas
bitin what i write,
oh lord, we goin' get it jump like revival,
survival, straight from my street bible
