It's just like me to overthink this somehow
Or analyze it 'til I'm blue
And let my head take over my emotions
Ignore them like I always do
But I'd rather be in love with you

I could take all the lessons learned from past loves
Color my judgment with old news
Convince myself that only fools chase rainbows
Find some other poor excuse
But I'd rather be in love with you

Just let it happen
That's all I need to do
Let my heart lead me
And where my heart keeps leading me is straight to
you

So if you're wondering why I'm telling you this
Instead of holdin' back the truth
Revealing all these feelings I've been feeling
Hopin' that you feel them, too
It's 'cause I'd rather be in love with you
Yes, I'd rather be in love with you
I'd rather be in love with you
