Lucille you know how I feel  
Put me behind that wheel(x2)  
Cause every waking days jsut the same damn thing  
I get up and go to work and then I sleep again  
It's just my days and oh they never change  
I was I could just run away  
Lucille you know how I feel  
Put me behind that wheel (x2)  
Even if I have to drive all night I dont care  
I just might make my way to new orleans and maybe  
I will meet a local boy and we can drown out all thnoise  
And make a toast to this crazy scene  
Lucille you know how I feel  
Put me behind that wheel  
(just gimme the keys)  
Lucille you know how I feel just put me behind that  
wheel  
(i just gotta get outta here gimme the keys)  
Cause every waking days jsut the same damnt hing  
I get up and go to work and then I sleep again  
It's just my days and oh they never change  
I was I could just run away  
Lucille you know how I feel  
Put me behind that wheel (x2)  
I dont care about it  
I dont wanna hear no more  
I got no friends here I just  
Gotta get outta here

I know  
I just feel it I dont belong here no more  
Just gotta get away  
(oh oh oh oh)  
Lucille you know how I feel  
Put me behind that wheel
