I wanna take your soul & rock your body  
you want the same so come with me  
I wanna take your hair & explore your mind  
you want the same so stay with me

oh oh

you wanna have my arms around your body  
if you can feel me, come to me  
you wanna take my hair & rock my body  
you wanna play so play with me

& please stop talking now  
& please don't tell me a word  
'cause i wanna feel you all the night  
can you feel me now?

it's unbelievable  
almost a miracle  
almost electrical  
is it the same for you?  
(x2)

& please stop talking now  
& please don't tell me a word  
'cause i wanna feel you all the night  
can you feel me now?

feel me now  
feel me now  
feel me now  
feel me now  
feel me now
