Why don't you open up to me
Your eyes couldn't hold back your tears
I know sometimes it seems so rough
And there is no one you can trust
Well take my hand
Come and follow me

(Chorus)
Baby don't you cry no more
Let me dry your tears
And make you smile once more

Baby don't you cry no more
I'll be your shoulder to lean on
Take my hand
Come and follow me

I know that she has broken your heart
And you feel like your world is torn apart
Some things you don't need to say
'Cause it is written on your face
You've tried so hard
To wash your pain away

(Chorus)

(3x) Talk to me, talk to me, baby don't you cry
I'll be right here, right by your side
(Chorus)
