You opened a new world for me(
You showed me all in life in God's hands has a way
out
You made me breath again
You brought life back in my soul and made me fall in
love
I never thought I'd love again after all I've been
through in the past
I never thought I'd trust someone to accompany me in
my life

I was locked up in my pain without feelings
You gave me your hand and you saved me
I was locked up in my sorrow without consolation
You gave me your hand and saved me

I never thought I'd love again after all I've been
through in the past
I never thought I'd trust someone to accompany me in
my life

You gave me your hand and saved my life(
You made me breath again
You gave me your hand and saved my life(
You saved me
You gave me your hand and saved my life
You gave me your hand and saved me

(Chorus)
Exit always has a way out
I needed someone like you to make me see
I needed someone like you who would make me see
That in life everything is possible
I needed someone like you to make me see
That in reality I wasn't alone

You showed me I have to look forward
That life goes on and time will cure all pain

I was locked up in my pain without feelings
You gave me your hand and saved me

(2x chorus)

Exit always has a way out

I needed someone like you to make me see

I was locked up in my sorrow without consolation

And you showed me

(2x chorus)

I was locked up in my pain without feelings

You gave me your hand and saved me

I never thought Iâ'd love again after all Iâ've been
through in the past

I never thought Iâ'd trust someone to accompany me in
my life.
