Like an eclipse, suddenly he stood in front of me  
He covered all my vision  
All dressed in white he looked at me  
And I lost all my power

You are a prince o me  
Who came out of a story on his white horse  
You are a myth to me, full of mysteries,  
Let me know your secrets

Man dressed in white take me with you,  
Take me to the place Iâ€™ve never been

(Chorus)

Ya ya yan man dressed in white take me with you  
Ya ya yan man dressed in white take me with you  
Ya ya yan man dressed in white take me with you

Your appearance is like an illusion of so many wishes  
You are a white rose, your perfume and your beauty  
Made my heart fall in love

Take me to your paradise  
Let e see all you see, so I see all beautiful things  
Take me to a place Iâ€™ve never been  
On your white horse far away  
To a world full of magic

Man dressed in white take me with you,  
Take me to the place Iâ€™ve never been

(Chorus)

Ya ya yan man dressed in white take me with you  
Ya ya yan man dressed in white take me with you  
Ya ya yan man dressed in white take me with you

Take me to a place Iâ€™ve never been
