Silence has entered my life  
Since you have left, without saying goodbye  
Just like a butterfly you were lost in the wind  
My life is marked for eternity  
This silence makes me realize that

Everyone has his hour  
Everyone has his time  
Time to go is a true time

A breeze from far brings me  
A cry of desperation  
Could it be that this hell has an end  
Could it be that we'll ever get there  
Hope chants with force on my chest  
But the world one day will turn  
So that we can only hear the cry of love

I won't let your silence escape from me  
Before we cry out, let's listen to the beauty of this  
silence

Silence came into my life  
This silence obliges me to realize that

Everyone has his hour  
Everyone has his time  
Time to go is a true time

A breeze from far brings me  
A cry of desperation  
Could it be that this hell has an end  
Could it be that we'll ever get there  
Hope chants with force on my chest  
But the world one day will turn around  
So that we can only hear the cry of love
