Dweller of the night  
Mutinous human  
Body deficient of normality  
An outcast  
People hostile to his form  
Others fear  
In his enemy

Indigenous to the appalling  
Dweller of the night

Force to live as an animal  
Away from common man  
Intensified eith time  
Primal instincts forced to emerge  
Finding a taste for young human meat

Indigenous to the appalling  
Dweller of the night

Unaware that it's abnormal  
Overtaking with bare handas  
Biting into veins  
With sharpened teeth  
Draining existence  
Consuming innocence  
Only ones to blame  
Are those who were afraid

Force to live as an animal  
Away from common man  
Intensified eith time  
Primal instincts forced to emerge  
Finding a taste for young human meat

Indigenous to the appalling  
Dweller of the night
