We've been through this
Too many times
And now I can't find
A reason to stay around
I'm not up for any games
You know that
Things have changed
They are not the same
I try to forgive
Don't wanna let go
Why can't you understand

When I count to four
You should already
Be out the door
What can I say
You know you can't keep
Treatin' me this way
You're out of line
That's why I'm tellin' you
The very last time
I've had about enough
Don't want you anymore
When I count to four
When I count to four
When I count to four
When I count to four

What goes around

Comes around they say
And I'm not gonna miss you
I'll find my way
You need to learn
What's and wrong
You need to realise
I don't wanna hold on

What we used to have
Is broken in two
Why can't you understand

When I count to four
You should already
Be out the door
What can I say
You know you can't keep
Treatin' me this way
You're out of line
That's why I'm tellin' you
The very last time
I've had about enough
Don't want you anymore
When I count to four
When I count to four
When I count to four
When I count to four
[Repeat]
