Love me baby or
Love me not
Tell me baby
Can ya hit my spot?
If you're the one
Love me baby
Love me baby, baby
Love me baby
Love me baby, not
Love me not
Love me baby
Love me baby, baby
Love me baby
Love me baby, not
Love me not

Last night you told me
That I was the only one
Baby you don't even
Know me
You're just trying to
Get what I've got

When you're around
Your friends
You act like
You don't see me
Make up your mind
Don't waste my time
'Cause this is how
It's got to be

Love me baby or
Love me not
Tell me baby
Can you hit my spot?
If you're the one that
I've always dreamed of
Then love me baby
Or love me not
Kiss and tell
Won't show me

That you know
What love really means
If this is just a game to you
Then baby you
Ain't ready for me

When everyone's around
You go and act so crazy
If this is love
Then get serious
And tell me
What it's gonna be

Love me baby or
Love me not
Tell me baby
Can ya hit my spot?
If you're the one that
I've always dreamed of
Then love me baby
Or love me not

When you're around
Your friends
You act like
You don't see me
When everyone's around
You go and act so crazy
I can see it in your eyes
But you try to play me
Out of sight and
Out of mind
Is that the way
It's gonna be
