En glitrende gra solvkledd mane.  
Fra tidenes morgen en solvrvavnen var sendt.  
Den for som et trollsyn i natten.  
Eggende trollsyn lunt vevd inn i et sjel av  
Sorgkledd take.

En vitring om svigul, om blod gilde, strid.  
Ravnen messet intenst og lokkende.  
Sjeletarende toner fra oven kloyver stillhetens  
Lappede skjold.  
Omslort av rimkald natt

I tidenes morgen verken sol eller mane.  
Et tomrom uten jord og himmel.  
Nivlheims strid i mot Muspelheim  
Var det eneste i tomhetens gapende svelg.  
I dette kosmiske skjaringpunkt,  
Ble Yme den forste  
Av hans legeme lagde Borsonn jord,  
Himmel og hav.

Enda kan man se av Muspells hete gnister  
Stjerner blinke mot Ymes veldige skalle.

Nordens demring.....  
Den forste, den eneste....  
Nordens demring.....  
Den forste, den største....

[English translation]

"Silver Raven - Dawn Of The North"

A glittering, grey, silver-clad moon,  
From the beginning of time a silver raven was sent.  
It flew like a vision in the night.  
Alluring vision woven in a shawl of  
Mournful fog

A message of "svigul", of blood feast, of battle  
The raven intense and enthrallingly recites  
Soul splitting tunes from above rips

The patched shield of silence.  
Surrounded by frost cold might.

In the beginning of time neither sun nor moon.  
An empty space without heaven or earth.  
Nifelheim's battle against Muspellheim  
Was all in the wide-open emptiness.  
In this cosmic junction, Yme became the first  
Of his body Borsonn made earth, heaven and ocean.

Still one can see Muspell's hot sparks  
Stars flashing at Yme's enormous skull.

Dawn of the North...the first, the only....  
Dawn of the North....  
The first, the greatest....
