"Deathsworned"

Anunnaki, those from heavens to earth came whom's
existence immortalized in stone
Created slaves of their images, a planted seed which
still last after thousands of years

Seed of the earth, death from above

May the evil wind cleanse the world, may death come
to
collect its harvest, a deathsworned race

Spawn of Anunnaki, spawn of Adam, creator and
destroyer,
judge and executioner

Great massacre of humanity awaits, the depths
swallowed
once a ancient world
Deep within the keys are sacred, keys to the gates of a
forgotten world

With open eyes a dragon is a awakened
