"Towards Chaos"

Visit "[Towards Chaos](#)" on MotoLyrics.com

Civilization is earth's cancer which implodes into divine
madness

Where the man rises his gun towards his brother's
head to feed upon sins

Rise the evil in man and the falseness in man towards
chaos

The wrath of God bright as morning star

Creating armies on either shore:

Turning mankind into madness

Bringing the salvation with terror though we are the
hands that strangle

Slit the throats of many for pleasure

And stabbing the holy mother that carry miracles of life
in the cunt

And be rewarded by his magnificent pain

You and I must die
