Feat. Boyz II Men

'Be yourself' is what you used to say
But I don't know me anymore
Cause since we walked away from love
There's a big hole right in my heart

'Don't be late' is what you used to say
Staring at your number on my phone
But now I've run out of excuses, no need to prove it
Cause you don't pick up anymore

(hook)
Thought I would be better on my own
Never knew the meaning of alone
Tick tick tok, tick tick tok
Time doesn't wait for love
Counting all the reasons in my mind
Feeling like I'm running out of time
Let me know if you're missing me too

(chorus)
Incomplete
Like a rose without a thorn
Incomplete
Like a heart without a home
Trying not to look back, but I can't get over you
I'm so incomplete
Like a song without a verse
Incomplete
Like the skies without the earth
All I need is your love
Slow down and rewind the time,
And turn the clock to when I was complete with you

Turn the key to an empty room
Trying not to stumble in the dark
Remember how we'd light the candles
And I would melt in your arms?

New cologne, new relationships
There ain't a thing that I could change

That wouldn't stop my heart from beating
It's you that I'm needing,
So come back in to my life, my life

(hook)

Thought that I'd be better on my own
Never knew the meaning of alone
Tick tick tok, tick tick tok
Can't take it anymore
Counting all the reasons in my mind
Feeling like I'm running out of time
Cause we both know there's love to be true

(chorus)

Incomplete
Like a rose without a thorn
Incomplete
Like a heart without a home
Trying not to look back but I can't get over you
I'm so incomplete
Like a song without a verse
Incomplete
Like the skies without the earth
All I need is your love
Slow down and rewind the time
And turn the clock to when I was complete with you

I bet you're happy now
No I'm not; I'm still crazy in love with you
I bet there's another one
There's no way that somebody could ever replace you

Think of the heart ache and dim all the lights
Let's start it all over and write a new life
I miss you (I miss you)
I need you (I need you)
Don't care all the pain in my heart

(chorus)

Incomplete
Like a rose without a thorn
Incomplete
Like a heart without a home
Trying not to look back but I can't get over you
I'm so incomplete
Like a song without a verse
Incomplete
Like the skies without the earth
All I need is your love
Slow down and rewind the time
And return the clock to when I was complete with you
