

## Deee-Lite "Thank You Everyday"

I was walking around  
Looking at the ground  
You're the flower  
Between the cracks  
That I found  
Like a buttercup  
Under your chin  
You shine so bright  
And cheer me up  
I want to thank you everyday  
For sharing with me  
I want to thank you everyway  
For sharing with me me me  
You put me on top of the world  
Right next to you  
My lover you are my pearl  
I love you you you  
All night  
All night  
All right  
All night  
Standing in the shade  
As flowers fade away  
I am a fire sign  
Won't you feel my solar power  
My love takes you higher high higher  
Watch the dandelion  
Whose petals are flying  
Sip the spring whispering  
Thru my grapevine  
I want to thank you everyday  
For sharing with me  
I want to thank you everyway  
For sharing with me  
We're all part of the world  
Joined in a song  
I'm so thankful we get along  
I love you you you  
All night  
All right  
Riding with the rhythm  
Every nation with them

Love intoxication  
Loving celebration
